DIFERENCIADOS 2024

O feito à mão é **cuidado**. É cuidar de si e do próximo. É cuidado com o corpo e o coração. É dedicar parte do seu tempo e se doar por inteiro.

É **conexão**. É retornar às origens para se conectar consigo, com o próximo e com o mundo. É o feito por nós e para nós.

Também é **carinho**. É abraçar com o coração. Ser abraço e abraçado. É aconchegar e acolher a si próprio e a quem se ama.

E foi no encontro do cuidado, da conexão e do carinho que nasceu a Coleção de Fios Diferenciados 2024.

Como uma celebração otimista do que somos e de tudo o que podemos ser, os 29 fios da coleção chegam ao mercado divididos em 5 tendências.

São opções que valorizam as artes manuais e exaltam o conforto, as texturas, a adaptabilidade e, é claro, você!

El hecho a mano es **cuidado**. Es cuidar a sí mismo y al próximo. Es cuidado con el cuerpo y el corazón. Es dedicar parte de su tiempo y donarse por entero.

Es **conexión**. Es retornar a los orígenes para conectarse consigo mismo, con el próximo y con el mundo. Es el hecho por nosotros y para nosotros.

También es **carinho**. Es abrazar con el corazón. Ser abrazo y abrazado. Es confortar y acoger a sí mismo y a quien se ama.

Y fue en el encuentro del cuidado, de la conexión y del cariño que ha nacido la Colección de Hilos Diferenciados 2024.

Como una celebración optimista de lo que somos y de todo lo que podemos ser, los 29 hilos de la colección llegan al mercado divididos en 5 tendencias.

Son opciones que valoran las artes manuales y exaltan la comodidad, las texturas, la adaptabilidad y, está claro, ¡Usted!!

Handmade work is **caring**. For yourself and your neighbor, your body, and your heart. Spending your time, and giving yourself entirely.

It's a **connection**. To return to the origins to connect with yourself, with others, and with the world. What we do for others and what others do for us.

It's also **affection**...a hug from the heart. To be hugged and hug someone. To snuggle and feel snuggled by those whom you love the most.

And it was in the nexus of care, connection, and affection that the 2024 Special yarn collection was created.

As an optimistic celebration of who we are and all that we can be, the 29 yarns of this collection come to the market divided into 5 trends.

They are options that value handmade work and exalt comfort, textures, adaptability and, of course, you!

com carinho...
